JEDDAH, KINGDOM OF SAUDI ARABIA

Welcome to

AIYNAH TRADING HIYITAH

In 2015, we started out as a distributor of CASIO products, particularly keyboards and watches. Currently, we are one of the leading pushers of music in the Kingdom. From picks, strings and other accessories to acoustic, electric and bass guitars, to the most complicated synthesizers and arrangers, we are driven to deliver the best available product in the market. With our finest luthiers, we also take pride in being the leader when it comes to guitar set-up and maintenance.

With passion in a vast genre of music and art appreciation in general, we aim to take a role in the transformation of technology and taste in music throughout KSA and eventually worldwide.

OUR VISION

To be a business that provides the best available products and services tailored to a musician's need through continuous focus on the development of music technology and building direct channels with end users.

KAWAI

THE FUTURE OF THE PIANO

Kawai Musical Instruments Mfg. Co., Ltd. is a musical instrument manufacturing company headquartered in Hamamatsu, Shizuoka, Japan. It is best known for its grand pianos, upright pianos, digital pianos, electronic keyboards and electronic synthesizers. The company was founded in August 1927.

Year after year, Pearl River sells more pianos than any other brand.

The reason is simple: we produce pianos with exceptional craftsmanship and value that can be heard and felt with the very first note.

PEARL RIVER

Dynatone was first established as the Electric Instruments Division of KEC. It became the first producer of electric musical instruments in Korea in 1987. Since then, Dynatone has been developing and producing newer and better products with modern, sophisticated designs.

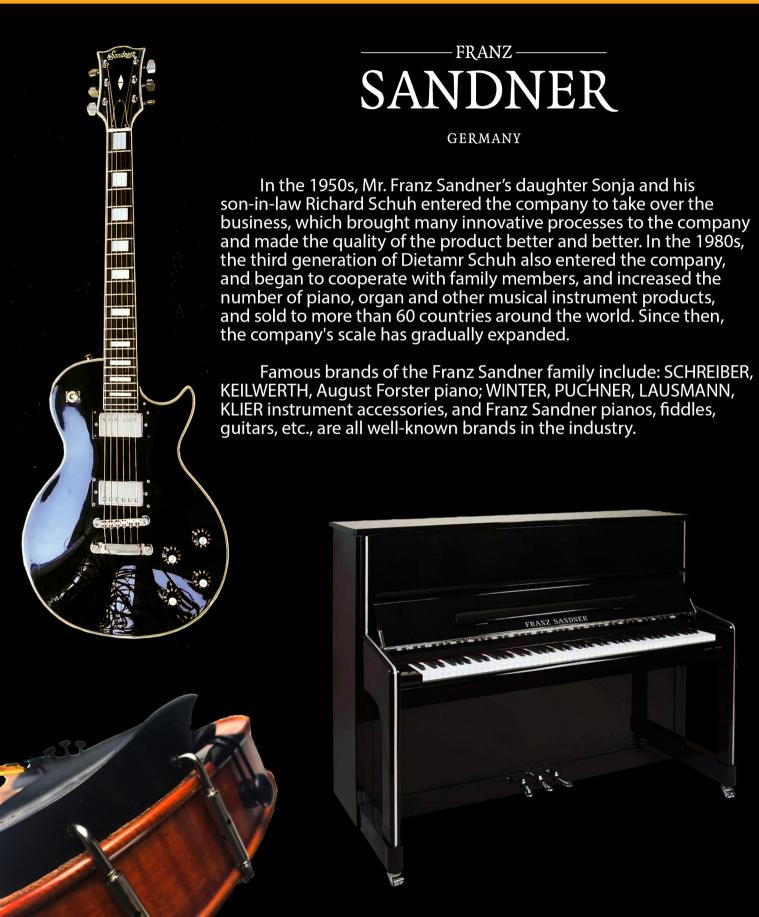

The products of Dynatone satisfy international standards for safety. Including the CE of Europe, the UL of North America and the RoHS. The company is recognized worldwide for the quality products it makes.

The big name in handmade Spanish Classical Guitars, Flamenco Guitars and Acoustic Guitars.

Manufacturas Alhambra S.L., established in 1965, with over 55 years of experience in the construction of the best handmade classical, flamenco and steel string guitars in the world. It has more than 14.000 square meters used for creating unique pieces using a perfect union between the tradition of handmade work and the most modern woodworking techniques.

Cort has been a guitar-making brand for more than 50 years with an unabated passion for the guitar. Based on long-standing guitar production knowledge, experience, and faith in quality and value, we constantly study to create the best guitar in the world. Cort's mission is to deliver the best instruments to passionate musicians around the world.

Cort Guitars (Cor-Tek Corporation[2]) is a South Korean guitar manufacturing company located in Seoul. The company is one of the largest guitar makers in the world, and produces instruments for many other companies. It also has factories in Indonesia and China.

Products manufactured by Cort include electric, acoustic and classical guitars, basses, and ukuleles.

TAMA offers Drum Kits, Snare Drums, Original Percussion, Hardware, Microphone Stands and Sticks, plus drum accessories like bags, gloves, heads, skins, drum rags and many more.

D'Addario is a manufacturer of musical instrument strings and accessories, primarily for guitars but also other fretted and orchestral instruments. The company currently has its world headquarters in Farmingdale, Long Island, New York, and its European headquarters in Newcastle upon Tyne, England. There are other offices around the globe including in Brooklyn, Canada, France, Germany, Italy, Australia and China.

D'Addario is a family-owned and operated business that is one of the largest string manufacturers in the world, not only producing several lines of strings under their own brand names, but also making OEM strings for other musical instrument companies.

D'Addario produces and distributes other musical accessories across a range of product categories including straps, cables and power solutions, capos, tuners, picks, humidification, care and maintenance, slides, hand fitness, hearing protection, gear bags, mic stand accessories, manuscripts, drumheads, drumsticks, snare wire, woodwinds reeds and mouthpieces.

From picks to pedals and every accessory in between, Dunlop Manufacturing has been creating world-class gear for musicians for over 50 years.

Dunlop Manufacturing, Inc. is a manufacturer of musical accessories, especially effects units, based in Benicia, California, United States. Founded in 1965 by Jim Dunlop Sr., the company grew from a small home operation to a large manufacturer of music gear.

Dunlop has acquired several well-known effects pedal brands, including Cry Baby, MXR and Way Huge.

CUSTOM AUDIO

/-D-w-

Famous throughout Europe for fabricating the finest gut strings for lutes, guitars and violins, their craft also included constructing some of the earliest strings for wire strung instruments.

E. & O. Mari, Inc. remains the oldest incorporated, continuously family-owned & operated music string manufacturer in the world. Today E. & O. Mari / La Bella is still a family-owned and operated company, passed from Olinto Mari to his daughter Elisabetta Mari, and then to her son Richard Mari Cocco Jr., President and her grandson Eric Cocco, Vice-President and granddaughter, Lorenza Cocco. An advocate of the arts and music education worldwide, E. & O. Mari sponsors jazz and rock performance clinics, professional artist appearances and residencies. La Bella also supports many guitar festivals and competitions by subsidizing scholarships and awards.
